

Core Values

Empowered to Deliver What's Possible

Cupertino Electric has a long-standing tradition of generosity, involvement and service to the communities where our employees live and work. Through a generous matching gift policy

and employee volunteer program, Cupertino contributes thousands of dollars annually to local and national organizations. We also give countless labor hours, material and equipment

to charitable organizations and people in need. Because our values are what truly differentiate us, these core beliefs influence and guide how we do business.
