

ABOUT

Cupertino Electric, Inc. (CEI) is a private electrical engineering and construction company that builds the infrastructure that allows forward-looking companies to realize their vision.

Founded in 1954, CEI is the fifth-largest electrical contractor in the nation delivering commercial, energy and data center projects utilizing a union labor force across the U.S. The company is renowned for designing, procuring, constructing, installing, commissioning and maintaining technically-complex projects fast—and without compromise. When failure is not an option, customers choose CEI.

OUR MISSION

TO DELIVER POWER AND POSSIBILITIES.

PROJECT TYPES

COMMERCIAL, ENERGY (RENEWABLE + DISTRIBUTED GENERATION),
DATA CENTER (TRADITIONAL + MODULAR)

OUR VALUES

SAFETY

We look out for ourselves and each other because safety comes first.

INTEGRITY

We do the right thing even when no one is looking.

EXCELLENCE

We apply expertise and continuous improvement to deliver results we can be proud of every day.

INNOVATION

We think outside the box for creative ways to solve problems elegantly and simply.

PEOPLE

We believe in creating an environment where people are excited to show up and do their best work.

SERVICES

ENGINEERING & BIM

With 70+ people and resources that rival those of standalone engineering firm, we provide turnkey electrical solutions from design to delivery.

PROCUREMENT

We secure the best pricing and availability of equipment and supplies from reliable, diverse vendors to give clients more options at better prices.

PRE-FABRICATION

We focus on innovation and best practices to drive down material costs, improve safety, increase quality, integrate 3D drawings for design continuity, and make just-in-time deliveries.

CONSTRUCTION

Our teams repeatedly deliver high-quality projects across the U.S. for marquee clients.

COMMISSIONING

Our commissioning experts adhere to robust quality management processes to validate and document complex electrical systems and ensure they operate as intended.

MAINTENANCE & OPERATIONS

We offer full-service maintenance and emergency support through our Service Department staffed by union electricians.
